**Disclaimer:** *The Estimated Cost of Attendance sets a limit on the total amount of aid a student may receive for educational expenses. Students are **expected to budget** accordingly to **stay within** their Estimated Cost of Attendance. Educational expenses include direct costs that are charged by the institution and indirect costs an average student may pay out of pocket. Educational expenses **do not include** costs for: relocation, deposits, credit card debt, consumer debt, spousal expenses, vehicle purchase/rental or during periods of non-attendance.*

*In rare circumstances, a student may request an approval for a modest increase through the Office of Financial Aid, but not all requests will be approved. Generally, requests are related to child-care expenses, a one-time computer/educational device purchase, unexpected medical expenses, or major car repairs while a student. The Estimated Cost of Attendance is subject to change without notice.*
